MISCELLANEOUS POLISH ORDER OF BATTLE DATA
AND PERSONALITYIntroduction

The following is a list of locations referred to in this report, with coordinates:

CZERWONY BOR (N53-04, E22-09) (No UTM coordinates)
GARWOLIN (N51-54, E21-38) (EC 425505)
MALGA (N32-27, E20-44) (DE 835230)
MUSZAKI (N53-23, E20-37) (DE 7314)
TORUN (THORN) (N53-02, E18-36) (OD 400770)
ZIELONKA (N52-18, E21-38) (No UTM coordinates)

A. MISCELLANEOUS POLISH ORDER OF BATTLE DATA

<u>Unit Designation</u>	<u>Subordination</u>	<u>Location</u>	<u>CO and Remarks</u>
U/i Light Artillery Regiment	1st "Kosciusko" Inf Div	GARWOLIN	An unidentified major of Russian descent was the CO of this regiment. The regiment was garrisoned in the old pre-war Polish casern in GARWOLIN during winter months, and from April to September or October of each year it was in the summer camp and training area at CZERWONY BOR. (See Annex A for pinpoint location and description.)
The regiment's equipment included an unknown number of 76-mm Guns, M1942 (ZIS-3) and 122-mm Howitzers, M1938, the latter towed by Studebaker-type trucks. Both of these weapons were World War II models of Soviet manufacture (with Russian inscriptions). Regularly each year, this regiment gave 30-day summer training to second-year students (strength about 100 men) of Warsaw Polytechnic and three-months' reserve training to enlisted reservists.			
there were an unknown number of summer camps in the CZERWONY BOR area; bivouac area consisted of unknown number of tents and barracks used as mess halls, small arms rooms, and orderly rooms (see Annex A). Elements of the 1st "Kosciusko" Inf Div used the CZERWONY BOR training area for summer camp and maneuvers and during winter firing exercises.			
U/i Heavy Artillery Regiment (Pulk Artylerji Cieskiej)	Unk	OLSZTYN (ALLENSTEIN)	CO in 1953 was an unidentified colonel. This regiment allegedly was garrisoned in OLSZTYN during the winter season and camped during the summer months in the training area at MUSZAKI. (See Annex B for pinpoint location and description.)

<u>Unit Designation</u>	<u>Subordination</u>	<u>Location</u>	<u>CO and Remarks</u>
This regiment was equipped with unknown number of 122-mm Howitzers, M1938, towed by Stalinets 80 (S-80) tractors or by ZIS-151 trucks and unidentified 155-mm caliber guns			

50X1-HUM

This regiment gave 30-day summer training to the students of the Warsaw Polytechnic

as a follow-up of the military classroom training given to all qualified male students. 2. The summer camp was located approximately 2½ km southeast of the Muszaki railroad station, while the training areas and firing ranges were situated in a northeast direction, toward the village of MALGA.

50X1-HUM

Military Regional Command-WKR, WARSZAWA-MIASTO I	Unk	WARSAW	CO was an unidentified Polish Army major.
--	-----	--------	---

The headquarters was situated on the top floor of a three-story stucco building located at Ulica Grojska 75 in WARSAW. Approximately 15 officers and EM were seen at this office. This headquarters was opened at this location in 1952.

50X1-HUM

Military Regional Command-WKR, WARSZAWA-MIASTO II	Unk	WARSAW-PRAGA	CO was unknown. The offices of this headquarters were in a two-story stucco building located on Ulica Ratuszowa in WARSAW-PRAGA. The entrance to the building bore a sign reading: "Military Regional Command, WARSZAWA-MIASTO II."
---	-----	--------------	---

50X1-HUM

U/i Military Hospital	Ministry of National Defense	WARSAW	CO was unknown. This hospital was known to all residents as the "MON Military Hospital" (Szpital Woskowy MONu), and was located on Ulica Nowowiejska at the corner of Aleja
-----------------------	------------------------------	--------	---

Niepodleglosci. This hospital gave medical care to all military personnel assigned to Ministry of National Defense offices in WARSAW and their dependents. The Out-patient Clinic (Wojkowa Przychodnia MONu) of this hospital also gave physical examinations to students of Warsaw Polytechnic prior to their participation in the reserve officers' training program which was compulsory at this school for all male students. 2.

<u>Unit Designation</u>	<u>Subordination</u>	<u>Location</u>	<u>CO and Remarks</u>	
U/i Chemical Unit attached to the Institute of Applied Chemistry (Instytut Chemji Stosowanej)5.	Chief of the Chemical Service, MON	WARSAW	CO was unknown.	50X1-HUM

The Institute of Applied Chemistry was located at Ulica Laczności 8 in the Zoliborz district of WARSAW and was headed by a civilian director, Professor HACKIEL, (fnu); it was subordinate to the Ministry of Chemical Industry. The primary work conducted at this institute consisted of experiments and research in explosive materials and war gases. 7.

U/i Military Experimental and Testing Station (Wojskowa Stacja Doswiadczalno-badawcza MONu)	Ministry of National Defense	ZIELONKA	CO was unknown.	
---	------------------------------	----------	-----------------	--

at this station the Ministry of National Defense tested all new weapons and equipment which were of Polish manufacture and intended for the Polish armed forces. Tests and experiments in the chemical field were conducted under the personal supervision of Professor Dr. Engineer Tadeusz URBANSKI, an expert in explosives and a well known scholar, who wrote books on chemical and physical subjects.

Military personnel and their dependents were quartered in a newly built military housing project. Assignment to this station had to be approved by the Central Committee of the PZPR and by the Ministry of National Defense. The installation was classified TOP SECRET (Scisle Tajna Stacja).
